

## Kinver Edge - Trek to Turkey

To help raise money for the DEC Turkey-Syria Earthquake Appeal, members of the UK International Search and Rescue (UK ISAR) team who responded to this disaster are aiming to walk the distance from England to Turkey on 26th March between 7 am and 7pm.

That is a total of 1350 miles! The team will walk a 3-mile circular lap, 450 times!

To help the team complete this challenge we would love for you to join us for a lap or 2. No registration is required, just show up and if you wish to, walk the 3-mile marked route, then let us know, each person that walks this route will help us reach our target!

### Start Point

A start and finish checkpoint will be set up by the war memorial of Comber Road, DY7 6HU. This will also be where we will count the number of laps walked. Once you've completed a lap, make sure you let us know and it is counted!

### The Route

The route is a 3 mile long walk on country footpaths with a couple of uphill sections. The total ascent is 95m. It goes through Kinver Edge, which is a site of special scientific interest, and will be marked clearly throughout.

### Parking

Roadside parking is available along Sandy Lane and Comber Road, close to the marked route.

### Toilets/Refreshments

Public toilets are available at the top of Comber Road close to the start/finish point. It is advised that you bring your own refreshments but they are available at Kinver Farm Shop on Sandy Lane and there are a number of places to eat and drink at Kinver High Street.

### Disclaimer

This is not organised event, it is an invite for you to join in on a walk over public access land with us. Therefore, please ensure that you are fit enough and able to walk 3 miles over country footpaths and are suitably clothed for the predicted weather. The National Trust and West Midlands Fire Service will bear no responsibility for any injury or loss during this event

### In the Event of an Emergency...

A first aid kit will be available at the start/finish point and there will be a number of qualified first aiders walking the route for minor incidents. For anything above that please dial 999.

The route should be clearly marked but if you do get lost, return back to the last point that was marked and either look again for the route or wait for other walkers to come along.
